Dinner Cruise Ideas:

Let's put on our thinking caps and start looking for some **New** locations to discover for future Dinner Cruises. Or if you have any past places that were especially good that you would like to revisit, let's get them on a list.

Fun Fact:

Electric shavers became options for Chevrolet vehicles primarily from 1951 through 1959. This accessory allowed drivers to use shavers like the Remington Roll-a-Matic, Schick, or Norelco Sportsman while on the road. You had three brands to choose from: the Remington (Roll-a-Matic), Schick and Norelco (Sportsman). These shavers had a switch which offered convenient dual-voltage (12v/110V) shaving for the driver on the go, as listed in the GM accessory catalogs, making them versatile accessories for the modern motorist.

ROUTE 66: Turns One Hundred this Year.

U.S. Route 66 or U.S. Highway 66 (US 66 or Route 66) was one of the original highways in the United States Numbered Highway System. It was established on November 11, 1926, with road signs erected the following year. The highway ran from Chicago, Illinois, through Missouri, Kansas, Oklahoma, Texas, New Mexico and Arizona before terminating in Santa Monica, California, covering a total of 2,448 miles (3,940 km).

The highway covered 376 miles (605 km) in Oklahoma. Today, it is marked by I-40 west of Oklahoma City and SH-66 east of there. After entering at Texola, US 66 passed through Sayre, Elk City and Clinton before entering Oklahoma City. Beyond Oklahoma City, the highway passed through Edmond on its way to Tulsa. Past there, US 66 passed through Miami, North Miami, Commerce and Quapaw before entering Kansas where it covered only 13.2 miles (21.2 km). Only three towns are located on the route in Kansas: Galena, Riverton and Baxter Springs.
